PROFESSIONAL EXPERIENCE

Webel.io | Full-Stack Developer

May 2025-Present

- Designed and developed responsive websites for 3+ clients using **MERN**, aligned with brand identity and business goals.
- Integrated SEO best practices and third-party APIs in client websites, boosting traffic and user engagement by up to 25%

MediaHolicss | Web Developer Intern

Jan 2025-Apr 2025

- Collaborated in **Agile teams** to deliver 5+ client-facing **WordPress, React.js** sites, ensuring responsive design
- Led the complete **redesign** of the company's website from scratch using **React.js**, enhancing user experience and reducing page load time.

The Sparks Foundation | Web Developer Intern

Jun 2023-Aug 2023

- Developed a responsive donation website using **HTML, CSS**, and **JavaScript**, improving user engagement.
- Integrated secure payment gateway using third-party **APIs**, ensuring safe transactions.

Projects

School Management System | Full-Stack Developer

[Link](#)

- Architected and developed a full-stack school management web application using the MERN stack (MongoDB, Express.js, React, Node.js).
- Engineered a dynamic admin dashboard with full CRUD functionality for managing announcements, academic planners, admissions, faculty, and career applications.

Portfolio Generation Website

[Link](#)

- Collaborated in a four-member team to build a full-stack portfolio builder using Django for backend and HTML5, CSS, and JavaScript for a user-friendly front-end, boosting user efficiency.
- Designed an intuitive interface and developed 10+ reusable React components for modular template customization.

Behance-Inspired Portfolio Platform | Frontend Developer

[Link](#)

- Led the front-end development of a Behance-inspired platform enabling creatives to showcase portfolios.
- Utilized React.js and Tailwind CSS to create a highly dynamic and responsive user interface, with features for content upload and user interaction (likes).
